Corporate Training Solutions

A Premier EdTech company

www.cinutedigital.com

About Cinute Digital Pvt. Ltd.

Cinute Digital Private Limited (CDPL) is a premier EdTech company providing top-tier education in Software Testing, Data Science, Machine Learning, Artificial Intelligence, and other IT domains.

Our greatest strength lies in our team of seasoned instructors, trainers, and industry professionals who bring invaluable real-world experience to every classroom and training session. We ensure that our learners receive the highest quality education, equipping them to tackle real-world challenges and paving the way for successful IT careers.

our Mission

> To equip aspiring testers with the necessary skills and experience to thrive in the dynamic world of software quality assurance.

> To foster a collaborative learning environment that encourages knowledge sharing and continuous improvement.

> To stay at the forefront of the industry, ensuring our programs reflect the latest trends and methodologies.

WHAT SETS US APART?

www.cinutedigital.com

Industry-aligned curriculum:

We develop our programs, ensuring they reflect the current demands and best practices of the software testing industry.

Experienced instructors:

Our instructors are seasoned professionals, sharing not only theoretical knowledge but also real-world insights and practical tips.

Hands-on learning:

We go beyond theory with practical workshops, projects, and case studies, allowing learners to apply their skills in a simulated environment.

Our Expert Team Of Trainers

Shoeb Shaikh

Sr. Automation Test Engineer & Head - Learning & Development

With over 14 years of experience, Shoeb Shaikh is a solutions-driven expert in software testing, data science, and EdTech. As Head of Learning & Development at Cinute Digital and Senior Automation Test Engineer at TESTRIQ QA Lab LLP, he excels in Agile processes and automation frameworks. Shoeb's leadership has earned Cinute Digital prestigious accreditations, including ISTQB exam center status.

Teshoo Rai

Senior Automation Trainer

Teshoo Rai, a Senior Trainer in Java Automation with Selenium, has 5+ years of experience in software testing and automation. She has served as an Assistant Professor and Corporate Trainer, specializing in Agile testing, automation frameworks, and quality assurance. Teshoo is known for mentoring and creating tailored corporate training programs.

Pooja Bombatka

Senior QA Engineer

Pooja, an ISTQB-certified tester with 8+ years of experience, specializes in manual and automation testing across industries like finance, education, and real estate. Currently a Corporate Trainer at Cinute Digital, she previously worked as a Software Test Engineer at HDFC Pvt Ltd. Proficient in tools like JIRA and Trello, Pooja excels in Agile processes, API testing, and multi-platform application testing.

Vaibhav Kakade

Senior Software Test Engineer

Vaibhav Kakade, a Manual Tester and Corporate Trainer with 5+ years of experience. Specializing in Manual Testing, DBMS with MySQL, and API Testing, he holds AAA and ISTQB certifications along with an MBA in Project Management. Vaibhav's expertise makes him a valued member of Testriq and CDPL.

Esha Prakash

Domain Head - Data Science

Esha Prakash, Domain Head of Data Science at Cinute Digital, specializes in ML and BI training. With experience at the Bombay Stock Exchange and Imarticus Learning, she is skilled in Tableau, PowerBI, SQL, Python, and Big Data Engineering. A certified expert in PowerBI, Tableau, and Machine Learning, Esha contributes to content creation, consultancy, and mentoring, with published research and notable AI projects.

Cezzane Khan

Data Analyst

Khan Cezzane is a Dynamic Data Science Trainer, with a Bachelor's in Artificial Intelligence & Data Science Engineering. Cezzane has experience as a Data Analyst and Data Manager, and has worked on impactful projects. He is dedicated to empowering others through data science education and solving real-world problems.

Highlights of Corporate Training Programs

Client:
LuxeLab

Project:
LuxeLab

Duration: 60 Hours Program / 2 Weeks

Delivered a comprehensive training program on Web Automation Testing using Selenium with Java and Mobile Automation Testing using Appium for Android platforms. The training was conducted for a team of 5 members

---

Client:
Phyllo

Project:
Phyllo API

Duration: 60 Hours Program / 2 Weeks

Delivered training on API Automation using the POSTMAN tool to a team of 10 members. Topics covered included HTTPS requests, POSTMAN tool utilization, and JavaScript assertions for validations. Additionally, provided training on the ReadyAPI tool and assisted the team in successfully automating around 5000 test cases in ReadyAPI.

Client:
TESTRIQ QA Lab

Project:
RealtyTrac

Duration: 60 Hours Program / 2 Weeks

Provided comprehensive training on Functional Testing, Integration Testing, and Defect Tracking across multiple platforms (Windows, Mac, Android, iOS). Emphasized defect reporting using tools like MantisBT and JIRA, enhancing testing workflows and improving efficiency in issue resolution.

Client:
TESTRIQ QA Lab

Project:
Brandify

Duration: 60 Hours Program / 2 Weeks

Delivered advanced training on Web Automation Testing using Selenium WebDriver with Python. The program included in-depth coverage of Python programming, Selenium WebDriver usage, and end-to-end framework design using Pytest and Page Object Model (POM). Trained the team to optimize test execution processes and improve testing reliability through advanced techniques

---

Client:
TESTRIQ QA Lab

Project:
Canva

Duration: 60 Hours Program / 2 Weeks

Delivered in-depth training on Manual Testing for multi-platform applications (Windows, Mac, Android, iOS). The program focused on test case writing, functional testing, GUI testing, regression testing, and defect reporting using tools like JIRA, Excel, and CucumberStudio.

CDPL upholds the highest standards in education recognized nationally and internationally.
